ISLAND HOSPITAL HEALTH SCREENING

Advantages:

- ✓ Save time and reduce anxiety with results within 24 hours
- ✓ Gain understanding from the taking of medical history and explanation of screening results
- ✓ Feel assured with our guidance every step of the way
- ✓ Feel safe with the accuracy of our advanced laboratory and radiology facilities. Results are also reported and shared with you by specialists
- ✓ Better treatment outcomes for problems that are detected early

Everyone needs to maintain optimum health to manage all the different stresses of daily life.

A health screening is for people who feel well. It is designed to check your overall health and detect issues before they become more serious.

1 out of 5 people who gets screened finds some abnormality which needs deeper investigation by a specialist.

The earlier medical problems are detected, the better the treatment outcomes are.

Why wait? Screen it, Fight it.
